ULTIMO Woodmaster Lockers

Greenfield has been making the largest range of lockers in South Africa for more than 50 years.

We have now added the **ULTIMOWOODMASTER** wood locker range to further increase our range of lockers from which our customers can choose.

Customers can be confident that these lockers will provide the quality and value for which Greenfield has become known.

Lockers can be manufactured in MFPB-melamine, HPL laminate and Supawood.

Lockers can be custom manufactured to your specific requirements. Various lock options available (Digital Combination, RFID Standalone or Keypad Combo locks)
